Hello again, just a little about myself to explain why I feel I am a good choice to be on our HOA board. I currently work for the Texas Department of Housing and Community Affairs, helping Texans across the state find access to safe and affordable housing. Part of that job is knowing the many ins and outs of homeownership and development. My wife and I are both originally from the Austin area and are excited to call this neighborhood home after moving away for a number of years. We are excited to be in this new home and we look forward to building new memories in this community with all of you. As your HOA representative, it would be my goal to make sure we all love living in this community and that it is a safe and healthy place for our families to live and grow. I also hope that we are able to have neighborhood events and more opportunities to meet each other once the pandemic is behind us. Again, thank you all for taking the time to read this and I hope you are as excited about our neighborhood as I am.
